

TRAUMA FOCUSED – COGNITIVE BEHAVIORAL THERAPY

Implementation and Planning Guide

Slides on TF-CBT model courtesy of
Laura Murray, Ph.D.
Anthony P. Mannarino, Ph.D.
Judith A. Cohen, M.D.
Esther Deblinger, Ph.D.
California Institute of Mental Health
Todd Sosna, PhD

Implementation Plans

- Youth and families
- Integration into service system
- Staffing
- Supervision
- Assuring fidelity and program performance evaluation
- Administrative oversight

Youth & Families

- Who will be responsible for coordinating/insuring referrals?
- Who will be referred? Will there be inclusion or exclusion criteria?
- Where will TF-CBT fit into your service system?

Staffing

- Who will be the practitioners? How will they be selected? Will they have a choice?
- What educational background and clinical experience will be required?
- Will they have time to learn the practice? What other duties will they have?
- What will their TF-CBT caseload involve?

Supervision

- Who will supervise the TF-CBT practitioners? How will they be selected?
- What educational background and clinical experience will be required?
- Will they carry a small caseload? If yes, what size?
- Will they be responsible for supervising other programs? If yes, which programs?

Administrative Oversight

- Who at the administrative level participated in implementation planning?
- Who at the administrative level is committed to making sure that everything happens as planned?
- Who at the administrative level will review fidelity and outcome reports and oversee any needed corrections?
- How will staff attrition be managed?
